# NADINE MLAYEH

Software Engineer - Full Stack | React / Next.js / Java / Spring Boot

Tunisia | Open to relocation and remote work | +216 96 424 436 | nadine.mlayah@gmail.com

nadine-mlayeh.vercel.app | linkedin.com/in/nadine-mlayah | github.com/NadineMlayeh

## PROFILE

Full-stack software engineer building web applications with React/Next.js and Java/Spring Boot. Experience across CRM and business platforms, REST APIs, authentication, relational data modelling and CI/CD, with additional work in retrieval-augmented generation (RAG) applications.

## TECHNICAL SKILLS

**Frontend:** React, Next.js, Angular, TypeScript, JavaScript, Tailwind CSS

**Backend:** Java, Spring Boot, Node.js, Express, NestJS, REST APIs

**Databases and ORM:** PostgreSQL, MySQL, Prisma, JPA/Hibernate

**DevOps and tools:** Docker, Git, GitLab CI, ArgoCD, Kubernetes

**Security and testing:** Keycloak, OAuth2/OIDC, Vitest

## PROFESSIONAL EXPERIENCE

### Full Stack Developer

Sep 2026 - Present

*Just One Meeting Agency | Full-time*

- Developing ZAHER Bijouterie's luxury product showcase with Next.js, TypeScript and PostgreSQL, enabling staff to manage products, pricing and promotions through authenticated administration.
- Implemented server-side validation, catalogue search and pagination for product discovery, with Sharp image processing to generate web-optimized WebP variants.

### Software Developer

Sep 2026 - Present

*Tunaxa | Part-time, remote | CRM platform*

- Contribute React/TypeScript features and REST API integrations to a CRM backed by Node.js/Express and PostgreSQL.
- Implemented quote-to-invoice conversion to reuse saved quote data and preserve billing totals, with duplicate-submission protection and Vitest regression tests for invalid amounts and legacy data.

### Software Engineering Intern

Feb 2026 - Jun 2026

*UPTECH | Final-year engineering internship | After-sales platform*

- Built 4 Spring Boot microservices and 40+ REST endpoints over MySQL, with Angular interfaces for after-sales requests and product catalogue workflows.
- Integrated Keycloak authentication (OAuth2/OIDC) and MinIO attachment storage; containerized services for the team's GitLab CI/ArgoCD pipeline on Kubernetes alongside the DevOps engineer.

## PROFESSIONAL EXPERIENCE CONTINUED

**Full Stack Developer Intern** Jun 2025 - Jul 2025

*Mobtakiron | InnovaLearn educational platform*

- Built and deployed a React interface connected to a NestJS API and PostgreSQL, supporting student, instructor and administrator workflows.
- Designed data models and dashboards to help instructors monitor course completion, lesson activity and exercise scores.

**Full Stack Developer Intern** Jul 2024 - Aug 2024

*ElectroHamza | Inventory and sales management*

- Built a React/Spring Boot/MySQL application replacing handwritten inventory and sales records, with customer management, invoicing and installment or cash payments.

## SELECTED PROJECTS

**Hakki | Legal document Q&A** 2026

Python, Streamlit, sentence-transformers, BM25, Gemini API

github.com/NadineMlayeh/RAG-Hakki

- Built a hybrid retrieval system over the Tunisian Labour Code, producing answers with article citations. Improved retrieval MRR from 0.424 to 0.630 on a 24-question reference set.

**LIFE | Private personal archive** 2026

NestJS, React, TypeScript, Prisma, PostgreSQL, React Three Fiber

github.com/NadineMlayeh/LIFE

- Built a personal archive with a NestJS REST API, JWT authentication, expiring email verification and a procedural 3D interface in React Three Fiber; containerized local development with Docker.

**Job Tracker | Application management** 2025

Next.js, TypeScript, Supabase, Gemini API

github.com/NadineMlayeh/job-applications-tracker

- Built a full-stack application tracker with AI extraction of job-posting details, schema-constrained JSON reviewed before saving, kanban/table views and CV attachments.

## EDUCATION

**Engineering Degree in Computer Science | Software Engineering** 2023 - 2026

ISIMM, Monastir, Tunisia

## LANGUAGES

Arabic: native | English: C1 | French: C1

## COURSES AND CERTIFICATES

AWS Academy Cloud Foundations and Cloud Security Foundations (2025); Hashgraph Developer Course (2025).

## LEADERSHIP AND AWARDS

Sponsoring Director, ARSII ISIMM: secured sponsorships and co-organized two hackathons. Nuit de l'Info: 2nd place in the creative animated website challenge (2025).
